**This is Tom. He's 16  
and has special needs.**

**This is Anna. She's 16  
and has special needs.**

**Tom and Anna are mad for each other. They think each other are lubly and like to hang out together.**

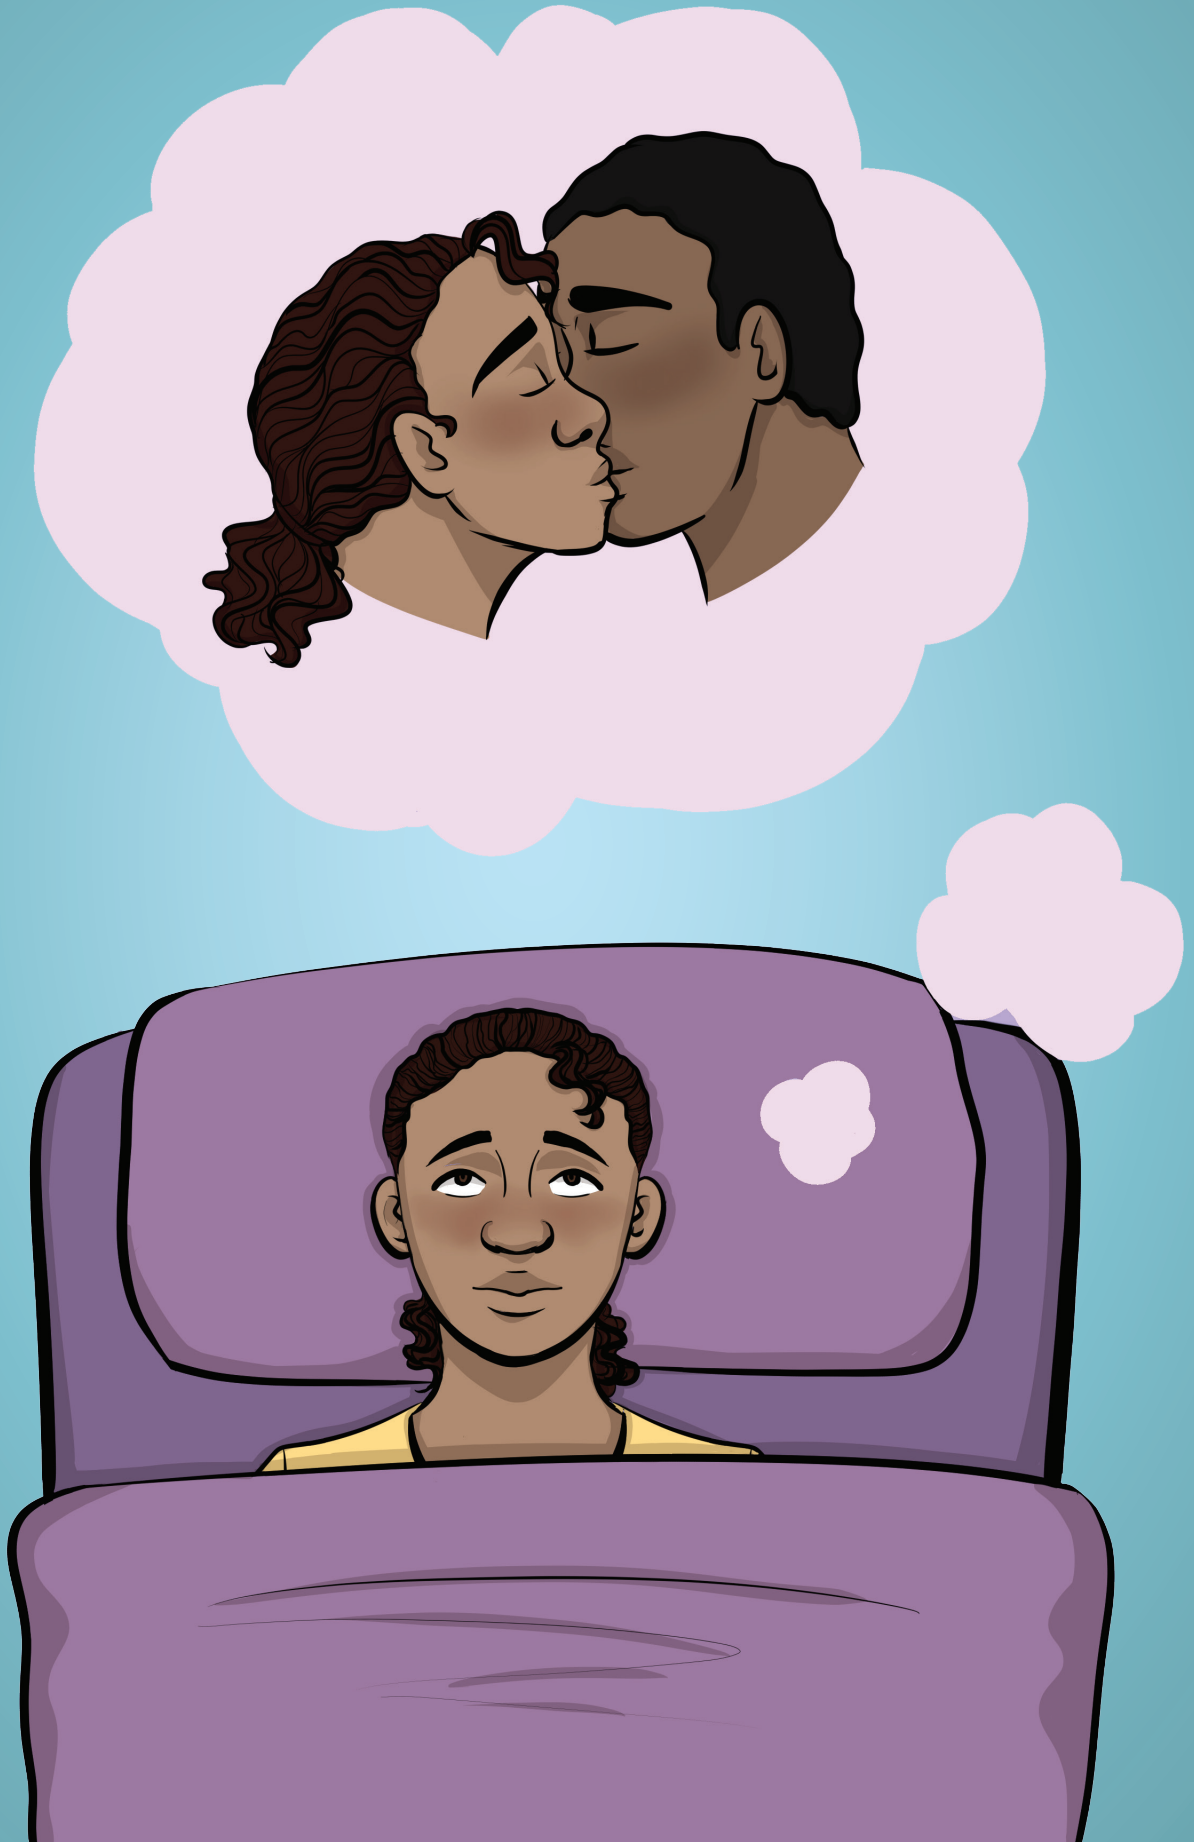

**It's school holidays. They're at the river swimming and playing tiggy with their friends and cousins.**

**They've been flirting with each other for ages. Flirting is what some people do to let another person know they want a chance. Anna and Tom flirt by:**

- joking around a lot with each other
- doing things to make each other laugh
- teasing each other in a nice, playful way
- looking at each a lot
- copying each other

At home that night, Anna is  
daydreaming about Tom.

**At home that night, Tom is  
thinking about Anna.**

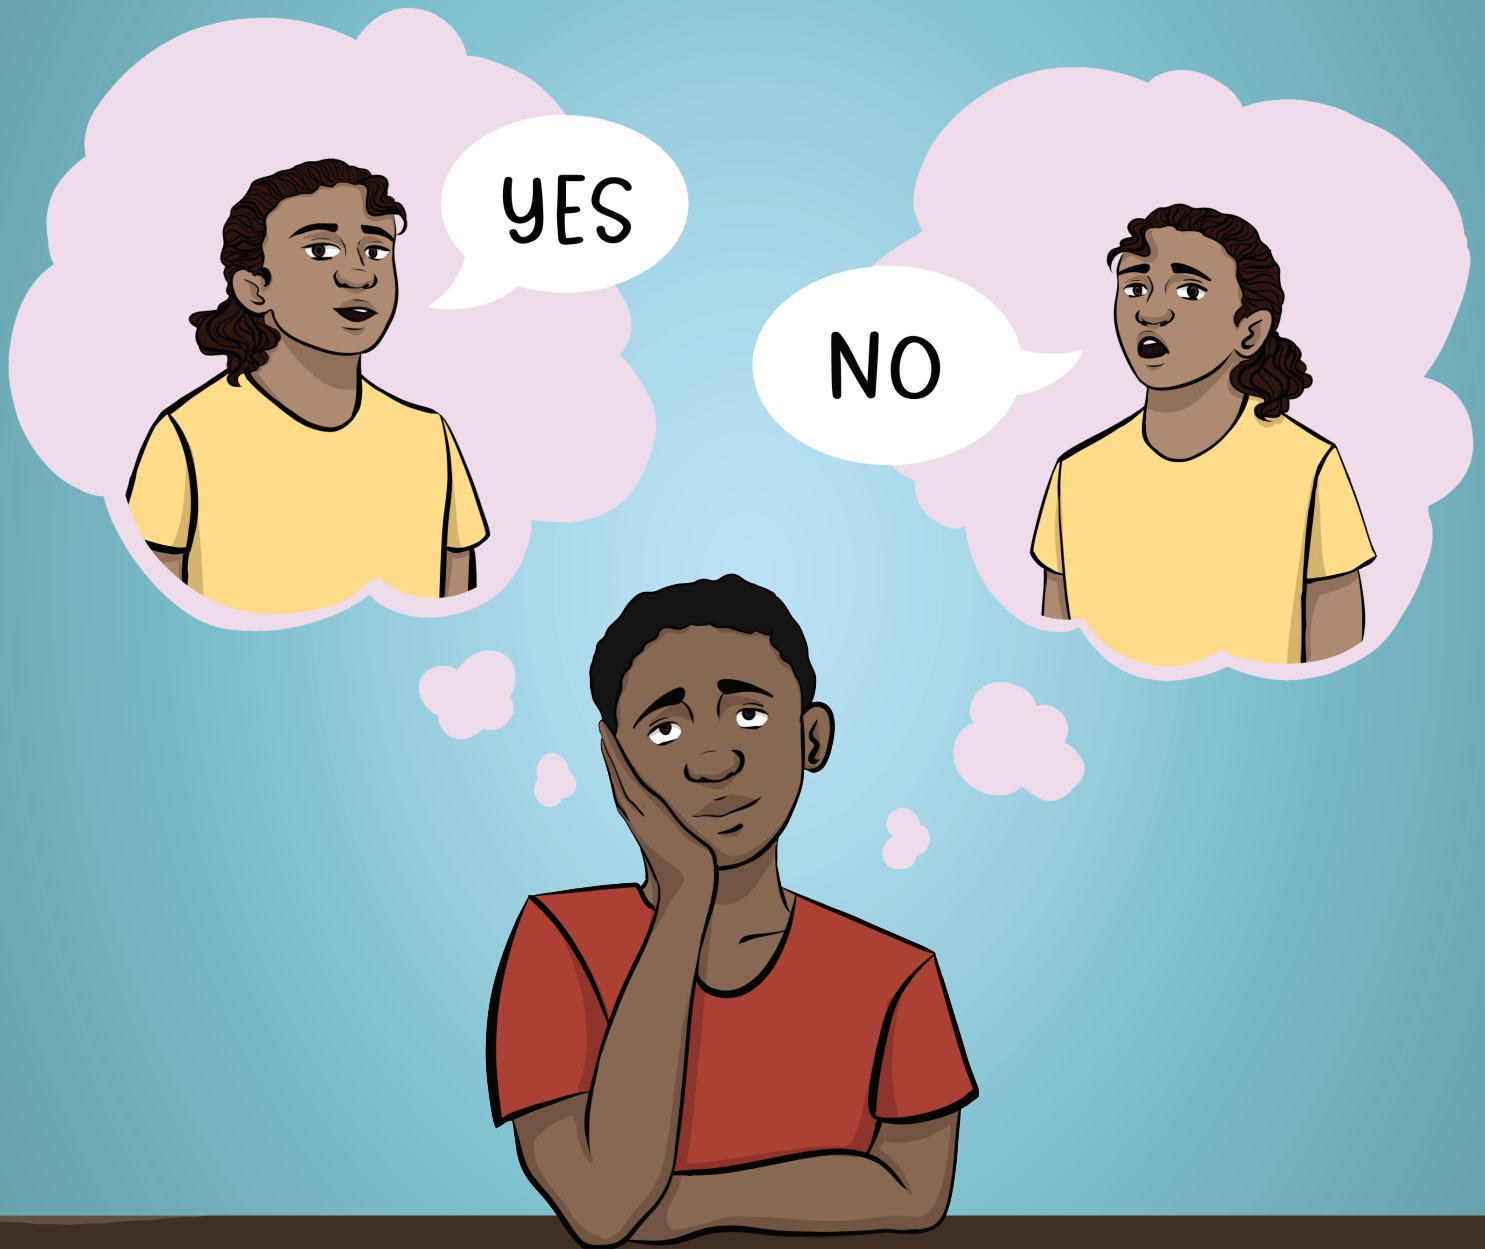

**Anna is imagining asking Tom if she can kiss him and wondering if he'd say yes or no.**

**Having sexy thoughts and feelings about other teenagers are common as people get bigger. People don't need to feel shame for thinking about sexy stuff like kissing someone.**

**Tom is imagining asking Anna if he can kiss her and wondering if she'd say yes or no.**

**If someone wants to kiss another person in a sexy way they have to ask 'em first. You can't just go kiss someone! They might not want to be kissed by you, so you have to ask 'em first. That's called getting consent.**

**The next day when Anna sees Tom, she still really wants to kiss him and decides to ask him.**

**Anna's done the right thing by asking for consent. But she has to remember that if Tom doesn't want to kiss, it's ok for him to tell her straight. No one has to kiss someone else if they don't want to.**

**They kiss each other and they both feel deadly. The kiss makes them feel like they're all that.**

**Touching each other in a sexy way has to feel deadly for both people. If Tom said no to Anna, then it's not ok for her to keep asking him. If she kept asking him then that's called sexual harassment. Tom would get upset and Anna could get in trouble because sexual harassment it's against the law.**

If people want to do more sexy stuff than just kissing, they need to get consent for that too. There are really important rules about sexy touching.

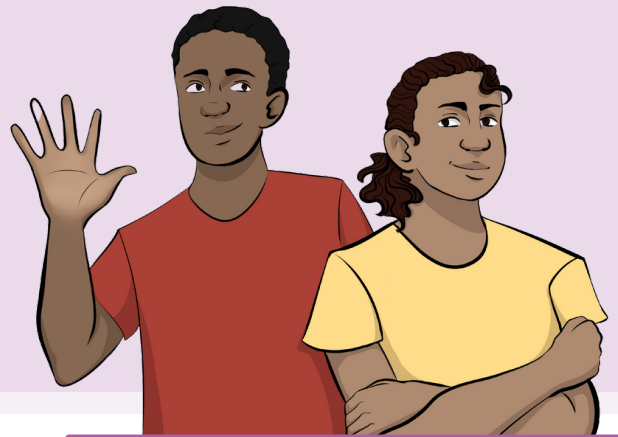

Sexy touching is okay if:

1. Both people want to and say YES (consent)
2. People are old enough
3. People are in a private place
4. People are not close relations.
