

## Talking about sexual assault or sexual abuse with a trained counsellor can help you feel better.

If you have experienced sexual assault or sexual abuse at any time in your life, you are not to blame. We hear you. We believe you.

Our service is free and open to all victims/survivors and their non-offending family and friends.

Counselling is confidential and non-judgemental - and you don't have to share details about what happened.

We welcome people from diverse cultural backgrounds and are LGBTIQ+ friendly. We can arrange interpreters at no extra cost.
