## Every Body Needs To Know Program

Relationships & Sexuality Education  
(RSE) for students with special needs

The program includes:

- A planning meeting with school leadership
- 2-hour professional development session with staff
- 1 hour parent/carer information workshop
- Delivery of 4 x 1 hour education sessions for students with disability aged Prep – Year 12
- Free outreach to rural and remote areas

All sessions are modelled on the Australian National Curriculum and have been modified to be accessible for students with special needs. This program is offered to special schools and students in SEP's (special education programs).

**Please note:** Students are taught in their usual class groups with the classroom teacher and support staff present.
